Professional Summary

Automation focused SDET with 2+ years of experience building scalable test automation frameworks for enterprise networking platforms using Python, Selenium, REST APIs, Linux, and CI/CD.

Technical Skills

Languages: Python

Automation: Selenium WebDriver, API Automation (REST), pyATS

DevOps: Jenkins, Git, GitHub

Networking: TCP/IP, SNMP, gRPC, Kafka, CCNA

OS: Linux, Windows, macOS

Experience

Lead Quality Engineer

Nov 2024 – Present

Persistent Systems (Client: Cisco)

Bengaluru, Karnataka

- Built API and GUI automation for gRPC-based services, validating end-to-end data streaming and server-side functionality.
- Built GUI and API automation for Configuration Backup & Restore and Configuration Template workflows.
- Performed Linux based log analysis, packet captures, and root cause investigation.
- Developed 300+ automation scripts, reducing regression effort by 30% and increasing coverage by 40%.
- Reported 60+ defects, including critical issues that improved product stability and release quality.
- Collaborated using Git workflows, code reviews, and CI-driven regression pipelines.

Software Engineer Trainee

Nov 2023 – Nov 2024

Cisco

Bengaluru, Karnataka

- Tested Performance Monitoring, Fault Management, Inventory, and Grouping features.
- Built 150+ automation scripts to reduce manual testing effort.
- Validated software features on physical networking devices, virtualized environments, and integrated testbeds.
- Performed device image upgrades, configuration management, and feature validation.
- Managed golden configuration backups for regression and recovery.

Projects

Jenkins Job Manager

- Built a web-based tool to bulk-update Jenkins job configs across folders via the REST API, with dry-run preview, automatic *config.xml* backups, and one-click build triggers.
- Designed a multi-user hosted deployment with per-user sessions, SQLite audit history, and secure credential handling so automation teams can safely manage large Jenkins job sets at scale.

Certifications & Trainings

- Cisco CCNA • AWS Cloud Practitioner • Simplilearn Automation Testing

Education

Bachelor of Technology, Information Technology

BIT Sindri | GPA: 8.06/10
